## Suction Mat®

**NEW!**

**Low Profile Suction Mat®**  
**Keeps the O.R. Floor Dry**

✂ = Cost Cutting    ⌚ = Time Saving

- Absolutely Silent — No annoying slurping sounds.
- Permeable Non-slip Top Layer — Fluid does not pool up on the surface.
- ⌚ Faster O.R. Turnover — One Suction Mat® eliminates time-consuming clean up.
- Comfortable — Reduces strain of standing.
- Intense Wicking Action — Works by capillary action to draw water, not air.
- ✂ Safety — Helps keep floors dry. Protect the staff from injuries.
- ✂ Infection Control — Drains fluid waste to the suction canister. Protect your staff and prevent cross-contamination.
- ⌚ Extremely Effective — Evacuates up to 60 liters of fluid per hour.
- Large size — Big enough for two people to stand on.
- Convenient — Connects to any standard tubing and canister/wall suction system.
- ⌚ Fast Cleanup — Self-contained and folds up for easy disposal.
- SM500T — Low profile suction mat with tape for use with rolling chairs.

### The Highest Quality Suction Mat Available
